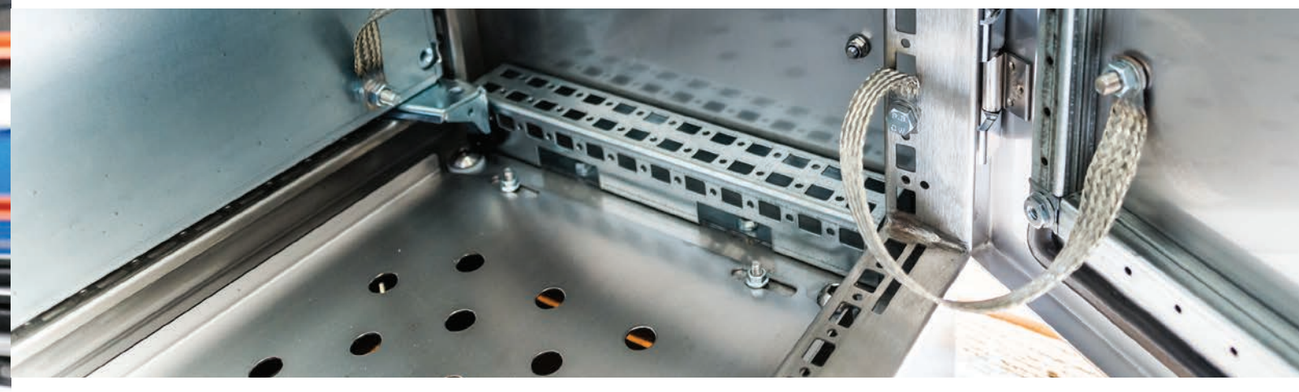
ELDON

Eldon provides the right enclosure solution for virtually any application

Eldon’s complete range of enclosures and accessories help to protect vital components in factories, airports and national electricity grids.



Eldon is dedicated to deliver the broadest range of optimum products of the highest quality and at the most competitive price to its customers. To deliver on that mission, every detail in our offers is addressed with the highest level of attention and importance. Every Eldon accessory has a major importance in the overall enclosure solution that we have committed to deliver to our customers.

Your benefits:

- A full product range
- Wide range of standard enclosures and accessories
- Enclosures in different materials for many environments
- Full certification
- User friendly for panel builders and operators
- Hole making and cut-outs can be made at Eldon’s Service Centers

Assembly services to reduce costs

To further support our customers, we take on assembly of our own accessories as well as the assembly of customer specific accessories. These can be sourced by the customer or developed together with the customer and purchased by Eldon. Our purpose with this service is to help customers reduce their costs by us taking over some of the labor-intensive assembly work. We are able to do this at Eldon thanks to our cost efficient labor and efficient assembly capabilities.

The process includes engineering with the customer, creating drawings and 3D CAD models, as well as the creation of prototypes to ensure meeting exact customer demands when it comes to price and functionality.

Eldon. Enclosure solutions for you.
