

MX2 inverter

Born to drive machines

- Omron Quality with a capital 'Q'
- Logic programming functionality
- Built-in safety
- Network integration

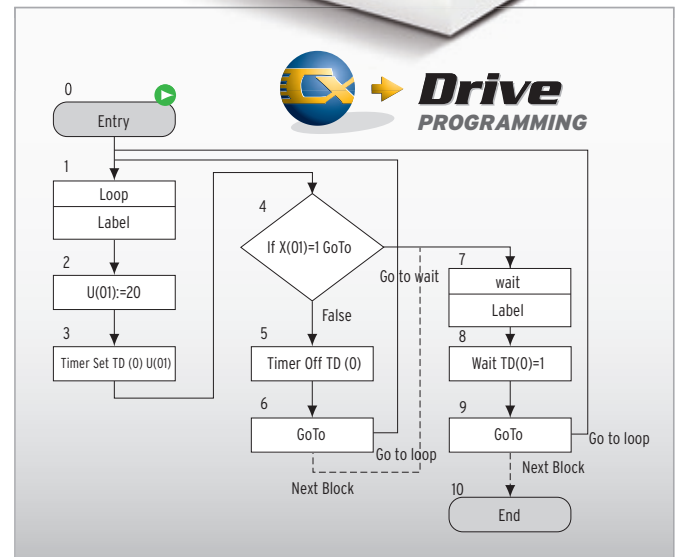

MX2 value pack

Program and play!

The MX2 gives you the power to create smart solutions using PLC functionality, as standard. Via an intuitive flow chart programming tool, you can create programs with up to 1000 lines of code and with 5 tasks running in parallel.

Free to program

- Intuitive and user friendly flow chart programming
- Integrated in CX-Drive
- Up to 1000 lines in a program
- 5 tasks can run in parallel

Each MX2 value pack contains:

- MX2 inverter
- EMC filter
- CX-Drive PC programming software
- USB cable
- MX2 information CD – including user manual, installation and programming guides and much more!

Harmonised motor and machine control

The MX2 is specifically designed to drive machines. It has been developed to harmonise advanced motor and machine control. Thanks to its advanced design and algorithms the MX2 provides smooth control down to zero speed, plus precise operation for fast cyclic operations and torque control capability in open loop. The MX2 also gives you comprehensive functionality for machine control such as positioning, speed synchronisation and logic programming and is fully integrated within the Omron smart automation platform.

Value pack offer table

Voltage Class	Output kW	MX2 value pack	MX2 Value Pack	
			Code	Price
1~230V	0.2kW	MX2KitAB002	A	£ 114.00
	0.4kW	MX2KitAB004	B	£ 117.00
	0.75kW	MX2KitAB007	C	£ 134.00
	1.5kW	MX2KitAB015	D	£ 149.00
	2.2kW	MX2KitAB022	E	£ 168.00
3~400V	0.4kW	MX2KitA4004	F	£ 168.00
	0.75kW	MX2KitA4007	G	£ 171.00
	1.5kW	MX2KitA4015	H	£ 188.00
	2.2kW	MX2KitA4022	I	£ 205.00
	4.0kW	MX2KitA4040	J	£ 232.00
