## D320 Programmable Logic Controllers

The D320 PLCs combine modular I/O cards, fast scan speed and advanced communications capabilities to provide the pow er of a larger PLC in a compact design. The expandability of the D320 allows you to create a logic platform in the 64 to $2048 \mathrm{I} / 0$ range.

Contact Cutler-Hammer for full information and prices.

- AB SLC 500 DH 485
- Mitsubishi FX Series
- Cutler-Hammer D50
- AB PLC 5 DF1
- M odicon M odbus
- Siemens S5
- AB SLC 500 DF1
- Omron Host Link

## Considerations when placing orders

To operate the D830, D840, or D850 units with other than a Cutler-Hammer D50 PLC, you w Il need to order one (1) only D800CCSSET, then for each Operator Interface unit, you will need a D800EN ABLEDH.

## Note:

(1) Required for each individual D830, D840 or D850 that will use any non Cutler-Hammer PLC communications interface other than DH485

These tables are based on motors of approximately 1450 r.p.m. of average efficiency and power factor. M otors of higher speed than 1450 r.p.m. usually take a lower current than that shown in the table, while motors of lower speed usually take higher current.

Wide variations from these figures can arise, especially on single phase motors and engineers should, whenever possible, determine the actual FLC from the motor rating plate in each case.

## 1. General

No conditions of the buyer shall apply and in the event of any doubt or conflict, these conditions shall apply.

## 2. Validity

Unless previously withdraw n, our tender is open for acceptance w ithin thirty days only from date thereof, and is subject to confirmation at the time of acceptance.

## 3. Acceptance

The acceptance of our tender must be accompanied by sufficient information to enable us to proceed w ith the order forthw ith, otherw ise we are at liberty to amend the tender prices to cover any increase in cost which has taken place after acceptance. Any samples submitted may be charged for unless returned to our W orks in new condition, carriage paid, within thirty days from the date of tender.

## 4. Packing

Packing materials and cases will not be charged for unless otherw ise stated in the tender. Returnable packing cases will be charged for separately at the time the goods are despatched, but full credit w ill be given if they are received by our W orks, carriage paid and in good condition w ithin thirty days from the date of despatch. Beyond that period credit allow ances will be at our discretion.

## 5. Limits of contract

Our tender includes only such goods, accessories and w orks as are specified therein.

## 6. Specification and drawings

All descriptive and forw arding specification, draw ings and particulars of weights and dimensions submitted w ith our quotations are approximate only, and the descriptions and illustrations contained in our catalogues, price lists and other advertising matter are intended merely to give a general idea of the goods and shall not form part of the contract. After acceptance of tender, a set of certified outline draw ings will be supplied free of charge if desired.

## 7. Tests

Our manufactures are carefully inspected and, where practicable, submitted to our standard tests before despatch. If special tests or tests in the presence of you or your representatives are required, unless otherw ise agreed, they w ill be charged for extra. In the event of any delay on your part in attending such tests after seven days notice that we are ready, the tests w ill proceed in your absence and shall be deemed to have been made as if in your presence. All tests must be made at our $W$ orks.

## 8. Performance

Any performance figures given by us are based upon our experience and are such as we expect to obtain on test. We w ill not, how ever, accept liability if those figures are not obtained unless we specifically guarantee them under an agreed sum as liquidated damages and a bonus, subject to the recognised tolerances and rejection limits applicable to such figures. We are to be given reasonable time and opportunity to comply with the terms of the guarantee before we are called on to pay any sum in respect of such liquidated damages. If we fail so to comply, you may reject the goods and we w ill repay to you any sum paid by you to us on account of the contract price thereof, and any sum that may have accrued due to you in respect of delay in despatch underClause 9 up to the date of such rejection. You assume responsibility for the capacity and performance of the goods being sufficient and suitable for your purpose.

## 9. Despatch

Any times quoted for despatch are to date from receipt by us of a w ritten order to proceed and of all necessary information and draw ings to enable us to put the w ork in hand. All such times are to be treated as estimates only not involving us in any liability for failure to despatch w ithin such time unless you have suffered loss and the amount payable in respect thereof shall have been agreed in writing as liquidated damages in which case our liability shall be limited to the amount so agreed to be paid. In all cases, whether a time for despatch be quoted or not, the time for despatch shall be extended by a reasonable period if delay in despatch is caused by instructions, or lack of
instructions, from you or by industrial dispute or by any cause whatsoever beyond our reasonable control.

## 10. Extra cost

In the event of the suspension of the work by your instructions or lack of instructions, the contract price shall be increased to cover any extra expense thereby incurred by us.

## 11. Delivery

Standard Carriage \& Packing charges in the UK are included within our UK list prices. Standard carriage is via a tw o w orking day carrier service to a UK mainland destination.

Express delivery is available and will incur additional cost, charges for which will be advised on placement of order.
The minimum order value accepted by us is $£ 250$ UK nett value.

## 12. Terms of payment

Unless otherw ise agreed in w riting, goods are normally due for payment on the last day of the month following the month in which the goods w ere invoiced. We reserve the right to charge interest at $1.25 \%$ of the invoice price per month from due date of payment.

## 13. Storage

If we do not receive forw arding instructions $w$ ithin the seven days after date of notification that the goods have been tested or are ready for despatch, a storage charge of $1.5 \%$ of the invoice price per month, for the first three months, increasing to $2.5 \%$ for the fourth month onwards w ill be made until the goods are despatched and the goods shall be paid for notw ithstanding nondespatch.

## 14. Loss or damage in transit

W hen delivery is included, we will repair or at our option replace free of charge, goods lost or damaged in transit, provided the carriers and ourselves receive w ritten notification of such loss or damage within three days of delivery, but in no other case.

## 15. General maintenance and guarantee

For a period of tw elve calendar months after delivery we guarantee all our goods as to design (other than a design made, furnished, or specified by you for which we have in w riting disclaimed responsibility), materials and w orkmanship. Should any defect arise under proper use within this period and provided you give us prompt notice thereof we undertake, free of charge to you, to make good the defect by repairs, or at our option, by the supply of a replacement. All defective parts must be returned by you to our W orks carriage paid. If it is not practicable to remedy a defect by repair at our W orks or by the supply of a part in replacement, we w ill remedy the defect on site on terms to be agreed. In the case of goods not of our manufacture you are entitled to the benefit of any guarantee given to us in respect thereof. Except as hereinbefore expressed w e shall not be under any liability in Contract, Tort or otherw ise for any personal injury, loss or damage of any kind or cause or for anything done or omitted in connection w ith the goods or any w ork in connection with the goods or any work in connection therew ith and our liability under this clause shall be accepted by you in lieu of any warranty condition or liability expressed or implied by law or otherw ise as to the quality or the design or fitness for any particular purpose of the goods and as to any claim of w ant of conformity to contract, we are either to make the goods come up to contract or (at our option) take them back and no claimfor damages is to arise.

## 16. Patents

We w ill indemnify you against any claim for infringement of letters patent or registered design (published at the date of the Contract/ Order) by the use or sale of any article or material supplied by us to you and against all costs and damages which you may incur in any action for such infringement or for which you may become liable in any such action. Provided alw ays that this indemnity shall not apply to any infringement which is due to our having follow ed a design or instruction furnished or given to you or to the use of such article or material in

# E:T•N 

a manner or for a purpose or in a country not specified by or disclosed to us. And provided also that this indemnity is conditional on your giving to us the earliest possible notice in writing of any claim being made or action threatened or brought against you and on your permitting us at our own expense to conduct any litigation that may ensue and all negotiations for a settlement of the claim. You on your part w arrant that any design or instruction furnished or given by you shall not be such as will cause us to infringe any letters patent, registered design or trade mark in the execution of your order.

## 17. Fair wages

W e undertake to be bound by the Fair $W$ ages Clauses approved and adopted by the British Electrical and Allied M anufacturers' Association for the use of its members.

## 18. Price variation

(a) Standard products

All published prices and discounts are subject to change without notice. Prices covering all material listed in our U.K. Price List - or subsequent revisions thereof - shall be those in effect at date of order acceptance provided we are permitted to despatch within 30 days or at our convenience.
(b)Special and engineered products

The prices stated in our tender for specially designed equipment are based on the cost of material, labour, transport and statutory obligations ruling at the date of tender, and if between that date and the date of despatch, variations either by rise or fall shall occur in these costs then the order w ill, unless otherwise stated in writing, be subject to contract price adjustment based on the current BEAM A formulae.

## 19. Application Engineers visits

Our price does not include forvisits by A pplication Engineers. If visits are requested they will be charged extra.

## 20. Legal construction

The contract shall in all respects be construed and operate as an English contract and in conformity with English law.

## 21. Arbitration

If at any time any question, dispute or difference whatsoever shall arise between you and ourselves upon, in relation to, or in connection with the contract, either of us may give the other notice in w riting of the existence of such question, dispute or difference, and the same shall be referred to the arbitration of a person to be mutually agreed upon, or, failing agreement, of some person appointed by the President for the time being of the Institution of Electrical Engineers. The submission shall be deemed to be submission to arbitration w ithin the meaning of the Arbitration Act, 1950, or any statutory modification thereof.

## 22. Statutory and other regulations

W e reserve the right to w ithdraw any item from sale w ithout notice. If the cost to us of performing our obligations under the contract shall be increased or reduced by reason of the making or amendment after the date of tender of any law or of any order, regulation, or bye-law having the force of law that shall affect the performance of our obligations under the contract, the amount of such increase or reduction shall be added to or deducted from the contract price as the case may be.

## 23. Title and risk

(a) Notw ithstanding that the goods sold by us hereunder have been delivered to you, the goods shall remain our absolute property until payment of all amounts invoiced by us to you and outstanding from time to time.
(b) All risk in the goods shall be borne by you from the point specified for delivery of the goods to you, and you will take out and maintain insurance cover to the full value thereof against all risks.
(c) You agree to store the goods in such a way that they are readily identifiable as of our manufacture.
(d) In the event that you fail to make payment for the goods when due, commit any act of bankruptcy, make any arrangements with your creditors, enter into liquidation, have a winding-up order made against you or if any receiver or manager of your assets, income or any parts thereof shall be appointed, we shall, after giving notice of our intention and without prejudice to any other rights, have the right immediately to enter upon your premises w ith such transport as may be necessary and repossess the goods.
(e) Until such time as any of the events specified in sub-clause (d) have occurred, you have the right to sell the goods to any bona fide purchaser but shall not give any warranties or incur any liability on behalf of us and in the event of any such sale or of any other disposal by you or if you shall make any insurance claim in respect of the goods while they remain our property, you have a fiduciary duty to account to us for the proceeds of such sale, other disposition or insurance claim (and shall hold any claim to such proceeds as trustee for us) to the extent of all sums invoiced by us and outstanding from time to time.
(f) If the goods are used as a component in the production of other goods or are mixed with other goods, we shall be entitled to exercise our right of repossession under sub-clause (d) above over the composite products or mixture, as the case may be, and you shall have the same duty to account to us for the proceeds of any sale, disposition or insurance claim relating to such composite products or mixture and to hold any claim thereto as trustee for us to the extent of all sums invoiced by us and outstanding from time to time, as it has under sub-clause (e) in respect of the proceeds of sale, disposition or insurance claims or claim thereto relating to the goods.

## 24. Tools, dies, patterns, etc.

All tooling dies, patterns, samples and equipment supplied by us shall remain our absolute property w hether or not a charge is made by us in respect thereof.

## 25. Force majeure

If in consequence of any circumstances of force majeure, including but without limitation, war, civil commotion or disturbance, strikes, labour trouble of any sort, shortage of manpower, fire, flood, shortage of fuel, pow er or raw materials, demands, restriction or requests of Government or similar authorities, non-delivery or delay of our supplies and all othercircumstances of $w$ hatever kind which are beyond our reasonable control and $w$ hich affect our ability to fulfil our delivery obligations or if delivery of the goods or completion of the contract is prevented, impeded, or delayed, we shall be absolved from all responsibility and liability w hatsoever and reserve the right at our option wholly or partly to cancel the agreement or to postpone the delivery by such period beyond the time of delivery stated as is appropriate in the circumstances. Any cancellation by us shall be without prejudice to our rights to recover all sums due in respect of deliveries made priorto cancellation.

## 26. Breach and liquidation

If you shall make default in or commit any breach of any of your obligations to us or if any distress or execution shall be levied upon your property or assets or if you shall make or offer to make any arrangements or composition with creditors or commit any act of bankruptcy or if any petition or receiving order in bankruptcy shall be presented or made against you, or if, being a limited company, any resolution or petition to wind up your undertaking, property or assets, or any part thereof, is made, we shall have the right forthwith to determine any contract then subsisting and to cancel any outstanding delivery or deliveries and to stop any goods in transit, without prejudice to any other remedy which we may have in respect thereof.

## 27. Samples

Samples submitted will be charged for unless returned in good condition to our W orks at your expense within two months from despatch (or such other period as may be agreed).
