

RAL 4 Makita battery 18 V / 5.0 Ah, Li-Ion

Characteristics

- > No memory effect
- > Extremely low self-discharge
- > Light - same weight as the Makita 3.0 Ah battery

Suitable for

- > Next Generation battery-powered hydraulic tools with Makita batteries

Articles

Makita battery 18 V / 5.0 Ah, Li-Ion (90 Wh)

Part No.

RAL4

Technical Data

Battery voltage (V)	18 V
Battery capacity	5.0 Ah, Li-Ion
Charging time	With LGL1: 45 min.
Ambient temperature	-20 °C to +40 °C
Cell technology	Li-Ion
Weight	0.6 kg
