

BEF-APM-MPB

SICK
Sensor Intelligence.

Ordering information

Type	Part no.
BEF-APM-MPB	2125439

When using a magnetic holder, the vibration readings may be affected. Magnetic forces can cause the material to crush or shatter.

Detailed technical data

Technical specifications

Accessory group	Mounting brackets and plates
Accessory family	Mounting plates
Material	Aluminum
Items supplied	Mounting hardware included
Usable for	Magnetic mounting plate for screwless mounting of the Multi Physics Box

- ① Side for mounting on the application
- ② Mounting side for the sensor
- ③ M3 thread for mounting the sensor

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
